

TOPIC

Realities and Pitfalls of Procurement and Planning

SYNOPSIS

The talk will focus on global procurement and logistics including such aspects as safety, quality assurance, engineering and applicable law in the country of the project.

SPEAKER

Ian Barry

(Retired Procurement Manager - 50 years)

Ian Barry worked as a Procurement Manager for 50 years for numerous major project houses and some of the largest engineering firms around the world. He has worked on multimillion/ billion dollar projects and paid studies in much of Africa including South Africa, Zimbabwe, Zambia, Botswana, Lesotho, Tanzania, Kenya, Uganda, DRC, Ethiopia, Eritrea, Mali, Saudi Arabia also Russia, Venezuela, Canada. He will be drawing on his experience of placing and managing multimillion dollar orders, managing major shipping contracts and transport logistics involving thousands of shipping containers of equipment, air freight financial, banking and legal experiences and managing security and safety of workers in battle torn countries.
