

Good Day

We would like to let you know that a decision was made to pause the Green Business Platform until further notice.

We are in the process of establishing relationships with new partners who have the same vision regarding the purpose for this type of platform. We hope to bring fresh and exciting topics while keeping the core focus on assisting small businesses become sustainable through responsible business practices.

Please feel free to contribute your ideas to improving the platform.

The speakers sponsor their time and in order to make it worth their while we need to attract greater participation. Some of the areas being explored to “zoosch” up and revive the platform are a change in the frequency and time slot, a different venue and other more exciting offerings.

We appreciate your participation in the past and thank you for understanding the necessity for the changes.

Thank you kindly
